

## ARE NOT OUR HEARTS BURNING WITHIN US?

### THE ELEMENTS OF THE CHAPTER LOGO

**LABYRINTH:** A labyrinth is an ancient symbol that relates to wholeness. It combines the imagery of the circle and the spiral into a winding but purposeful path and represents a journey to our own centre and back again out into the world. At the centre of our being, our spirit is one with God's spirit. Here we experience deeply the presence of the Other and our oneness with all creation. With our hearts awakened to the mystery of God and transformed by the fire of God's love, we experience the urgency of being sent on mission.

**INSTITUTE EMBLEM:** The presence of the Institute emblem in the logo emphasizes that the journey to the centre is one that must be made not only personally but also by the Institute as a whole so that together we can become a transforming presence in our world.

**WORLD:** It is in making the journey within that we are able to embrace the world in our hearts and become one with all of God's creation.

**FIRE:** Transformed personally and communally by the fire of God's love, we become a transforming presence in our world.
